TEST-DS-100001

SAMPLE LABEL

No postage or carrier service
Tracking and QR: test data only

PACKING SLIP

Order DEMO-1001

Sample item A	x1
Sample item B	x2

All items, names and locations on this page are fictional. This sheet is only for demonstrating crop and format conversion.

NOT PART OF SHIPPING LABEL

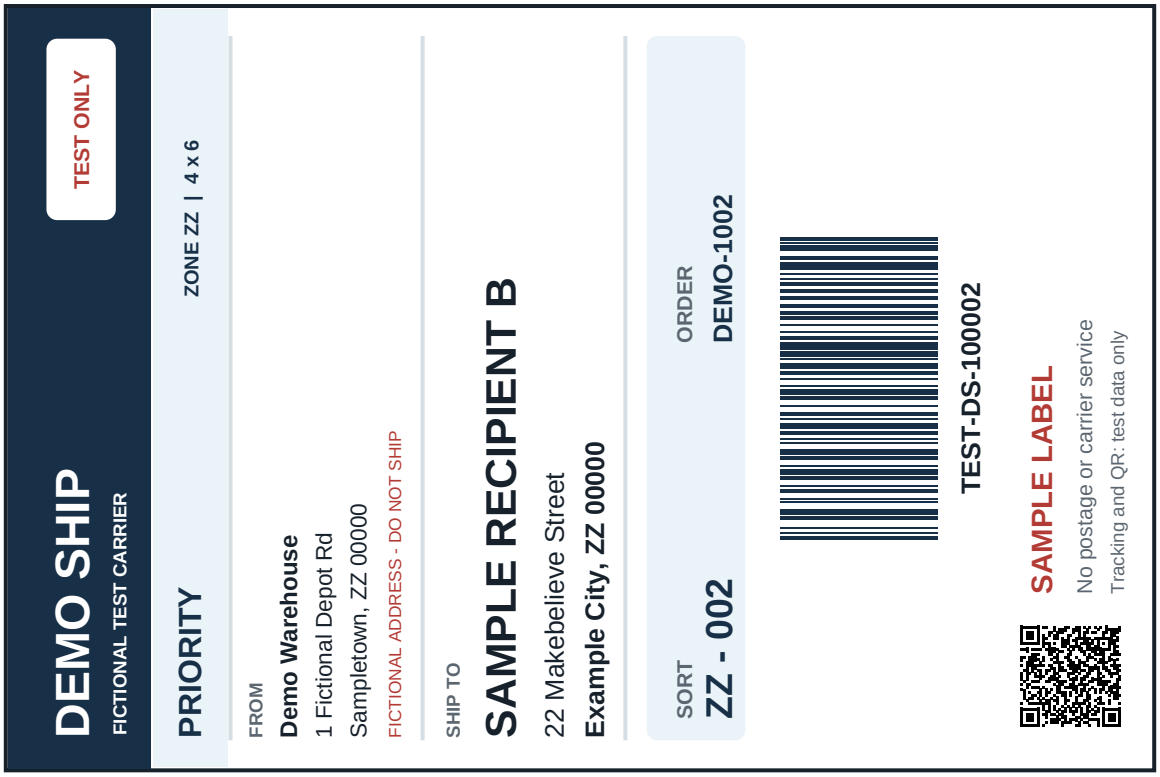
Handling notes

Keep this packing slip for the demonstration. A label-processing tool should detect the bordered 4 x 6 label above, crop away these notes and produce a clean label page.

Sideways scan - sample 02

A4 source sheet with a 90-degree rotated 4 x 6 label

This page imitates a sideways scan or export.



Demo action: detect the label, rotate it upright, then crop to 4 x 6.

Batch sheet - two labels

A4 landscape source sheet for multiple-label detection and split

DESK INSTRUCTIONS

1. Verify sample order number.
2. Crop the outlined label.
3. Remove all margin notes.
4. Export at 4 x 6 inches.

These are fabricated operational notes. No real parcel, person, destination, or tracking record is represented.

Reference: DEMO-1005 / duplicate office text - not part of label

Expected output: one clean upright label, 4 x 6 inches.
